Subject: Responsible Transportation

Good Morning Dr. Gilmore,

Plant Management personnel spent Thursday, May 16, in meetings with various business representatives, and began conducting interviews with potential establishment employees. Construction is progressing daily. I will be evaluating progress on construction with plant management today and making adjustments, if necessary, to the proposed timetable. Please advise if there is any other specific information I can provide or questions you might have. Have a spectacular weekend. [REDACTED]

Subject: Responsible Transportation

Good Morning Drs. Sprouls and Turner,

Responsible Transportation has made some relatively minor changes to their SSOP and HACCP plans. [REDACTED] and [REDACTED] have done an informal review on their programs, and well as Dr. [REDACTED]. My question, would like to see an EAO at the final walkthrough to perform a "final review" of the HACCP and SSOP written programs sometime at or before the final walk through which is scheduled for 1 week from today? Thanks, and have a great weekend. [REDACTED]
