RE: Kalispell Bay, Priest Lake Property

Dear Ms. Fromm:

I have received your message from August 3, 2007. The message said that based on my answers to the questionnaire you need to do some additional research and what were Mike and I going to do with the EPA's request to remove the fill off our property?

I have as of yet to receive any official notification in writing of any violation at 1604 Kalispell Bay Road, Priest Lake, Idaho. I would like to have the following questions answered.

I would like to request a response from the EPA in writing as to what kind of research the EPA is doing on the property at 1604 Kalispell Bay Road, Priest Lake, Idaho.

I would like to request a response from the EPA in writing under who's jurisdiction is the property at 1604 Kalispell Bay Road, Priest Lake, Idaho regulated by.

I would like to request a response from the EPA in writing as to a rational reason why the property at 1604 Kalispell Bay Road, Priest Lake, Idaho needs to be reclaimed.

Sincerely,

A handwritten signature in black ink, appearing to read "Chantell Sackett", with a long horizontal flourish extending to the right.

Chantell Sackett  
Property Owner
