Case # MO9099-AC

John Dollarhite

Nixa MO 65714

The investigative report documents the violation of conducting regulated activity without a license obtained by Animal Care inspector during the course of a search for unlicensed activity in 2009. Sales invoices and admissions demonstrate that Mr. Dollarhite sold at least 145 rabbits and 5 quinea pigs in commerce (b)(4)

(b)(4) without having a USDA license. These findings substantiate the alleged violation of 9CFR 2.1(a) (1) Licensing requirements and application- which requires a USDA Dealers License for any person selling more that \$500.00 of any regulated animal other than wild, exotic animals or dogs and cats per calendar year.

An application packet was sent to Mr. Dollarhite on 3/16/06 per applicant request.
