Dear Jerry:

Sorry I missed your call Friday morning. I understand that the Phoenix Zoo wants to move forward with the transfer of Sheena to your facility, timeline mid-October, 2000. I will have Dr. Lindsay put together a copy of the medical files and send them to your office.

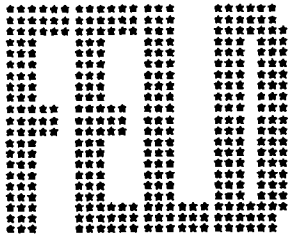

I understand that you are on vacation until the 25th of this month. Please call me when you return and we will work out the specifics of the transfer. Glad to hear that Reba is back out in the yard.

Sincerely,
Richard T. Froemming
