Re: ASPCA et al. v. Ringling Bros. and Barnum & Bailey Circus, No. 03-2006
(D.D.C.)

Dear Mr. Thomas:

We understand your letters of June 30, 2006 and July 20, 2006 to mean that the Wildlife Advocacy Project ("WAP") is not voluntarily producing any additional documents. I am writing to confirm that WAP has no responsive documents that were created after September 29, 2005, as it has not produced any, but for a single 1099. Please let me know immediately if that is correct, or whether WAP has withheld them.

Very truly yours,

George A. Gasper
