Subject Tom Rider

Despite Tom's surprise visit (it actually was not suppose to be a surprise on his part - serious communication breakdown from D'Arcy's end), it was quite an eye-opener for both me and Karen Colangelo. TOM has been doing some impressive p.r. work for us; he's also quite bright and professional in his presentation. There were many outstanding logistical problems which have all been resolved - we also are bringing the daily local and nat'l media coordination in-house. After better understanding the nature of his needs and his abilities, I think it is doable (Karen also knows that gov't affairs can serve as a backup when needed). The commitment and sacrifice this guy has made for the last year is truly impressive. The level of our funding can also come down from the \$24K we budgeted (probably more in the order of \$16-18K) now that some of the logistical issues have been resolved.

On a related note, having spent all of yesterday with Tom and discussing his work and his interface with our former D.C. media/campaign person, it only reiterated the wisdom behind our closing the DC office. Let me know if you want to discuss any of this further. One heads up which is extremely confidential and not appropriate for e-mail - if things go as Tom says, we will need to gear up "big time" in the next few weeks for the lid to be blown off the Big Top.
