SA ...did, did you see what took place last Saturday? That would have been...August the ninth around noon.

Yes, I did, I did not see the initial...I did not see the initial start of the situation but I seen the closure of the situation. Because I was on my porch...to get reception on my phone? And, um, I heard a gunshot..fo..it, it, it caught my attention.

SA Okay.

As it did the attention of everybody else around h'r...And when I got, um... to my phone, as far as then talking on my phone, I told the individual...I told her, I call them back. Out of town call...I stood up...walked that direction...to see what was going on and when I looked to see what was going on...police was running after a young man that was running in the direction toward that way...

SA Okay.

He shot again, shot the individual in the back, Mr. Brown, I don't know what part of the back he shot but he turned around, Mr. Brown turned around...and literally put his arms up...in a, in a fashion to where...my understanding that means surrender.

SA So the individual is running away and then turned around and put his hands...

After being shot!

SA ...up. Okay.

SA Can you...so on this map here..where, where was it..you would say that you saw him running towards?
