New Mexico Environment Department – Ground Water Quality Bureau

Notice is hereby given pursuant to 20.6.2.3108.G NMAC, the following Ground Water Discharge Permit applications have been proposed for approval. To request additional information or to obtain a copy of a draft permit, contact the Ground Water Quality Bureau in Santa Fe at (505) 827-2900. Draft permits may also be viewed on-line at <http://www.nmenv.state.nm.us/gwb/NMED-GWQB-PublicNotice.htm>

DP-236, Valley Meat Company, LLC, Ricardo De Los Santos, General Manager, 3845 Cedarvale Rd., Roswell, NM 88203, proposes to renew the Discharge Permit for the discharge of up to 8,000 gallons per day from a slaughter facility. Wastewater generated from the slaughter facility and occasional washdown of receiving pens collects in two concrete tanks for solids settling before flowing into the first of two synthetically lined impoundments for disposal by evaporation. Potential contaminants associated with this type of discharge include nitrogen compounds. The facility is located at 3845 Cedarvale Road, approximately six miles east of Roswell, in Section 17, T11S, R25E, Chaves County. Ground water beneath the site is at a depth of approximately 10 feet and has a total dissolved solids concentration of approximately 4,080 milligrams per liter. NMED permit contact: Kim Kirby at (505) 222-9523.

Prior to ruling on any proposed Discharge Permit or its modification, the New Mexico Environment Department, (NMED) will allow thirty days after the date of publication of this notice to receive written comments and during which a public hearing may be requested by any interested person, including the applicant. Requests for public hearing shall be in writing and shall set forth the reasons why the hearing should be held. A hearing will be held if NMED determines that there is substantial public interest. Comments for requests for hearing should be submitted to the Ground Water Quality Bureau at PO Box 5469, Santa Fe, NM 87502-5469.
