Subject: verification plan for Est. 7299

verification plan for
Est. 729...

Here is the verification plan I came up with based on the plant's response. This isn't final until everyone is okay with it. [REDACTED] I'll call you and we can talk it through tomorrow if you have any questions. We can implement telephonically at that time if everyone is okay with it.

Humane Handling Verification		Est. 7299, Valley Meat, Roswell, NM		Page 1 of 2	
Plant has modified pens and gates to improve handling and flow of cattle	once each kill day	04C02	313.2	direct observation of use of new gates - gates are being used to the best advantage and not being used to handle cattle inhumanely	
Plant will purchase [redacted] was mentioned) for use in the future	each occurrence	04C02	313.16	safely observe the use of or the results of the use of the [redacted]
