

# Suppliers Letter of Guarantee

[REDACTED]

[REDACTED]

---

May 15<sup>th</sup>, 2013

Unless specifically stated, the products and supplies that [REDACTED] furnishes to Responsible Transportation, Sigourney, IA fully comply with all relevant aspects of U.S. Food & Drug Administration requirements and any other regulatory agencies that may have jurisdiction over these products. Furthermore, those products we distribute are manufactured in accordance with the Good Manufacturing Practices (GMP's) normally recognized for our industry.

Under no circumstances will the [REDACTED] ship products that we know or suspect may pose a potential biological, chemical, and/or physical hazard(s) to consumers. [REDACTED] will immediately notify you that the product shipped to your facility must be returned to our warehouse in the event that any cause for concern is discovered after delivery to your facility.

All products are packaged in suitable materials which will withstand the stresses and conditions associated with normal and intended transit and storage. Packaging supplies or ingredients, when within our control, are stored and transported under conditions that prevent the following:

1. Chemical contamination from pesticides, toxic elements, and radioactive compounds
2. Food or color additives which are not approved from being used in amounts in excess of current F.D.A. regulations.
3. Degradation of the material from the elements or environments due to inadequate packaging or transportation conditions.

Product specification sheets as well as M.S.D.S. sheets are available upon request. We recognize that as part of your standard operating procedures (SOP) you are to monitor the prevention of cross contamination from unsanitary objects relating to food packaging material. Questions and comments regarding compliance should be directed to the address and telephone number above.

Sincerely,

[REDACTED]

5/1/2013

 will be providing your rendering services which all rendering product will be transported to our Des Moines facility and will be rendered. We hold a rendering license through the State of Iowa Department of Agriculture and Land Stewardship.

Thank you  

## Letter of Guaranty: Processing Aids

The USDA Food Safety and Inspection Service, FSIS Directive 5000.1, "*Verifying an Establishment's Food Safety System Handbook*" requires an establishment to develop and employ sanitation or processing procedures that meet USDA regulatory sanitation performance objectives.

The products listed below have ingredients which are either: (1) approved by the Department of Health and Human Services of the Food and Drug Administration (FDA) as secondary direct food additives as noted in 21 CFR Part 173; (2) GRAS substances listed in 21 CFR Parts 182, 184; or (3) are permitted by the USDA Food Safety and Inspection Service as noted in 9 CFR Parts 318, 381 or 424.

The product is safe and effective and will not adulterate food product when used as a processing aid under the intended conditions for use as described on the product label, catalog sheet, or specified in a Standard Operating Procedure (SOP).

- [REDACTED]

This letter is only applicable for products made in the USA as indicated on the product label. Please contact your [REDACTED] representative for inquiries and letter of guaranty requests.

Sincerely,

[REDACTED]
