Good Morning Dr. Gilmore,

Just a quick update on Responsible Transportation. The electrical contractors are still completing connections for some of the kill floor equipment, and plumbing contractors are completing the final drainage for the sinks. It is expected this will be completed today or tomorrow. Yesterday, the company began the first stage of their plant cleaning process. Their chemical supplier was on site to provide training for sanitizer and chemical use. Company still anticipates be ready for final walk through early next week. Any questions or need more info, please let me know. Thanks. [REDACTED]
