Subject: Responsible Transportation

Good Morning Dr. Gilmore,

I can provide the following update on Responsible Transportation, Sgourney, Iowa:

- The plumbing on the kill floor has not yet been completed. The plumbing contractor indicated Friday he anticipates working all of next week to complete the required plumbing.
- The final walk through has been postponed from the week of June 17th to the next week, the week of June 24th, tentatively.
- The pre-cleanup in the areas where construction is complete continues. On Friday, June 14, the chemical supplier was in the plant reviewing procedures and evaluating progress which has been made, and providing guidance and training where needed.
- Outside cleanup continues and appears near completion.

I will continue to visit the establishment next week and provide updates as I have further information. Please let me know if you have any questions or need any further information. Thanks very much.
