Thanks Dr. Clarkson,

I am not going to make this one, but Dr. Ganzel and Dr. Trout should be able to go, especially if you make it next week.

Importance: High

Rains Natural owner David Rains left me a message. His facility and HACCP plan is ready. I discussed with him this will not be the 'final' walk thru and I still did not know when the application process could be completed. Otherwise, he says he is ready for review and would like Dr. Trout and Dr. Ganzel (if needed) to come up. I have meetings Friday morning and all day Monday, otherwise I am free. Please let me know when you can come and I will set something up. Thanks,

Rob Clarkson, DVM
Frontline Supervisor
Springdale District, Circuit 06

Good Afternoon Dr. Clarkson,

We all received answers to horse slaughter at about the same time and they were all on the same page; hallelujah!

Anyway, so many of these things are just incomplete and we should not talk about them yet; including

[REDACTED]

That being said, we can make the following statements that are as usual in any walk through situation.

We can let Mr. Rains know that:

[REDACTED]

Dr. Ganzel would like to know when you guys are going (if you go) so he can try and be there also. Thanks and good luck.
