Subject: Rains Natural Meats Gallatin MO, FW: Keith Gilmore FW: Equine slaughter

Good Afternoon Dr. Gilmore,

We have nothing new to report on Rains Natural Meats in Gallatin, MO. In a previous e-mail, Dr. Clarkson reported:

The legal description for the location is SE1/4, SE1/4, SE1/4, Sec. 10, T59N, R27W, Davies County. The lagoon capacity is [REDACTED]. It was approved on Dec. 19, 2006 by Missouri Department of Natural Resources-Water Protection Program, P.O Box 176, Jefferson City, MO 65102. The closest receiving stream is an unnamed tributary of the Grand River. The first classified body of water is the Grand River.

Today, Dr. Clarkson is going to ask if the MO Dept of Natural Resources-Water Protection Program considered discharge into navigable waters when they gave the lagoon their approval and I will get you that answer as soon as we know.

Subject: Equine slaughter

We need to get affirmative statements from the DO/OFO regarding whether any of the equine slaughter grant requestors may have discharge into navigable waters (9 CFR 304.2(c)(1). Also, we now want daily updates on any activities occurring at the plants occurring over the past 24 hours (plant visits, contacts, communications, etc....), so if you could email those to me each day, even if it is negative, I would appreciate it.
