Hi Paul – the plant has a Voluntary Suspension Extension for Rains Natural Meats (Est. MP20575) that expires on 6-12-2013. We extended it the last time it was close to expiring because there didn't seem to be a reason to have them withdraw if they are going to start up with equine anytime soon.

Soon became later and now we are close to expiring again. [REDACTED]

[REDACTED]

Thoughts? thanks, Julie
