Subject: Rains Natural Meats Gallatin MO, RE: Quick clarification

Good Afternoon Dr. Gilmore,

I polled all persons here involved with grants, and it appears Rains did not receive a new brand order form. Apparently, since this was not a "new" application and there was not an assigned IIC, the normal triggers were not tripped. We are sending Dr. Clarkson FSIS form 5200-7 number A 104906 today, by UPS, to present to Mr. Rains. Thank you for the information. We have received no contact from Mr. Rains since our last update. That is all.

Eric, did the District provide Rains with the forms to order brands after the final walk through?

Subject: Quick clarification

Hi Keith,

Quick question—I know NM and IA have been given the paperwork, etc to order brands. Is that the case with MO too?

Having had their walk through, it makes sense that they would have it, but I haven't made note of it anywhere as far as I can tell.

Thanks!

Cathy
