Subject: Rains Natural Meats Gallatin MO, update and question

Good Morning Dr. Gilmore,

In preparing for inspection program delivery at Rains Natural Meats, I was wondering if you knew what equipment we need to have ready for in-plant testing; KIS or FAST type of testing. I am trying to make sure we have available whatever type of equipment will be required. Thank You.

We heard nothing from Mr. Rains over the weekend; the status of the application has not changed since our last communication. That is all.
