Subject: Rains Natural Meats Gallatin MO, update

Good Afternoon Dr. Gilmore,

Dr. Clarkson contacted Mr. Rains today (06-24-13) to check on his status. Mr. Rains stated he ordered his brand and ink and was working on label submittals. Mr. Rains confirmed that the MO DNR was scheduled to visit his facility on Thursday (06-27-13) to review his water protection program.

After we receive his water protection permit and after he obtains his brands, labels, and grant. He still believes it will take him approximately a week to gather his staff and begin slaughter. That is all.
