Thank you. There will only be one APHIS person in attendance on the 10th, Joey Astling. If they are intending to have any horses transported to the property that day it would be useful if we can be there the time of unloading to go over appropriate procedures. Sort of a dry run.

Thanks

Gary

Good Afternoon Dr. Egrie,

Mr. Rains accepted the invitation to have a group of FSIS and APHIS personnel visit his plant on Wednesday (07/10/2013). His only stipulation was that it be only APHIS and FSIS personnel, he is a bit leery of anyone else coming on the property. If you need any details about the facility, just let me know. He is not currently operating the business, so he will have to show up and open it for the visit. As soon as a timetable is determined, let me know and I will arrange it. Thank You.
