Good Question Dr. Clarkson,

As I understand it, they can apply for meat or poultry and then give up the Equine grant; the reverse of this process. "Meat and/or Poultry," and "Equine" just can't be on a grant together.

Hi Mr. Thompson, one thing I forgot. Mr. Rains asked me to check and be sure that in the event they start under an equine grant and then it gets 'outlawed' somehow later, would they be able to re-apply for a grant to do domestic livestock again? They want to make sure they aren't rendering their facility useless if horse slaughter gets banned a couple months down the road. Thanks.

Hi Mr. Thompson, attached are the documents you requested. Rains pest control program isn't documented. I will be sending all these to Liz Simmons via UPS. The 5200-15 has to be approved anyway. Mr. Rains stated yesterday he still didn't have info from the MO-DNR on his discharge permit. Thank you,

Good Morning Dr. Clarkson,

I am attempting to gather information to support the issuance of a grant of inspection to Rains. I need the following items;

A completed basic compliance checklist for SSOP, HACCP, and e.coli testing

Copies of Rains SSOP, HACCP plan, and drug residue plan

Rains pest control program

Water potability certificate

Rains hours of operations (if different from the one filed on 11-18-1998)

M-F, 07:30 to 16:00

Thank You.
