Subject: Fw: Rains Contact

Hi Mr. Thompson, Mr. Rains finally heard from MO-DNR. He stated he was told they would visit and do his lagoon inspection after the Governor had a chance to look at the application. He didn't get a specific date.

I passed on the info about going back to a Meat/Poultry grant to Mr. Rains this morning. During the call he said he still couldn't get even any contact with MO-DNR.
