Good Morning Scott,

Mr. Rains has acknowledged that he will have to give up his M/P grant to get an Equine grant. His M/P grant is currently under a voluntary 120 day suspension requested by Mr. Rains while waiting for the equine grant to process. Thanks.

Eric,

I see that M 20575 (Rains Natural) has a bunch of livestock products listed in their PHIS profile. They know that they will have to give up their M number and stop doing livestock operations in order to do horses, right?

No Problem,

Rains, EST 20575, is in PHIS but only as M-P-V, not E. PHIS does have HACCP, prerequisite, products, etc., but again, these are only for meat and poultry and voluntary (exotics), not for equine.
