I spoke with Mr. Rains, he said he would get us a letter in a day or two barring some odd change of the status equine slaughter.

Good Morning Dr. Clarkson,

Can you contact Mr. Rains and get confirmation on what he plans on doing? He may have just been frustrated and now has a new plan. Thanks.

Subject: Rains
Importance: High

Hi Mr. Thompson, Mr. Rains just left a message on my voicemail that said, based on the results of the horse slaughter case in New Mexico, they were going to drop their request for horse slaughter and pursue un-suspending their regular grant for domestic livestock species. He thought it might be tied up for years. I had a little trouble following, but it sounds like MO-DNR is going to issue him a General Water permit for those species, except horses. I'll check in Monday, I thought you would want to know.

Rob Clarkson, DVM
Frontline Supervisor
