Subject: Rains Natural Meats Gallatin MO, update

Good Morning Dr. Gilmore,

We received a voicemail from Mr. Rains through Dr. Clarkson over the weekend. Mr. Rains expressed his desire to end his application for equine slaughter. Dr. Clarkson followed up this morning and confirmed that Mr. Rains plans on ending his attempts to gain an equine grant of inspection. We asked him to please submit the request in writing and he agreed. Mr. Rains added that the MO DNR is willing to give him a permit to operate his lagoon for all species other than equine, and he plans to reopen under his "normal" grant and perform "normal" slaughter of other species. That is all.
