It is the declaration of a categorical exclusion for the NEPA (environmental) impact which I will first approve (after Melissa sends the final draft to me). Once I approve it, you will reference it as one of the primary documents you considered BEFORE you issue the grant.

We can assign inspection immediately after issuing the grant of inspection. One question, I do not know what a CatEx document is.

Subject: Fw: Equine -- MO

When would you assign inspection and begin inspecting once the grant is issued?

Hi Dan,

[REDACTED]

[REDACTED]

[REDACTED]

How soon after you issue the grant do you think the plant will start operating?

FSIS needs to know if [REDACTED] believe that FSIS will have to respond to the grant request as a final determination as early as mid-week. Thanks.
