Yes, thanks. I talked to her. I am expecting to get the CatEx document later today and then I will send to you with instructions to process the grant. I do know that the plant will be ready to slaughter the moment they get the grant. Are you staffed and ready to handle?

Also, please do ensure that you are capturing all emails/correspondence on this grant. We will need on a CD for the administrative record.

Good Morning Dr. Engeljohn,

Ms. Sue Wallis (lawyer) should be calling soon with a question on the status of Rains application. I told her that my understanding was we were following the same procedure as the other applicants. Heads Up.
